It's my privilege to say my sincere gratitude towards all staff ranging from Doctors to cleaning staff for the efficient services. With the effective treatment and positive approach of the care help to reduce the pain which I had while admission. Special thanks to Dr Arun and Dr Reeba for their friendly approach and ~~availability~~ ~~and the need~~ not only towards me but also for my kids specially to Isabel. Your presence really makes my daughter happy and comfortable which reduced my stress and tension as I was little nervous about my child that how can I manage her at hospital during my stay and time of treatment. But everything went beyond my expectation. The team of the hospital serve the better version of themselves. The care of suchha, chechi, Disha and Soomya were excellent. Their positive words really means a lot. Once again, thank you all for your love and support during our stay at this hospital. Wish you all good health and May the almighty bless you all abundantly.

Thanks and regards
Lujar & family.
