Respected Dr. Shibu & hospital staff,

I want to express my sincere gratitude for the excellent care we received during our recent treatment. Dr. Shibu, your expertise and compassion were truly reassuring and the Staff's kindness and attentiveness brought us great relief & comfort. We are deeply grateful for the positive impact you've had on our health as well as all our needs.

Special thanks for Dr. Sheeba, because of doctor Sheeba only we could reach here. Neethu's down to earth nature and the time you are giving for me was very memorable.

The love and care of Dr. Reeba, Dr. Arun, Nazma, Arpita and Therapists Nisha, Sudha & Soumya for your patience and lovable nature and service all made us to stay here like our home.

Wishing you all continued Success in your noble work.

We are absolutely thrilled with the results we received after the treatments. The entire experience was nothing short of exceptional.

The knowledgeable and compassionate doctor took the time to understand our unique needs and create a personalized treatment plan. The therapies were expertly administered, and we felt completely relaxed.

The facilities were clean and perfectly suited for a rejuvenating experience. The staff were friendly, attentive and made sure we had everything we needed.

I highly recommend this facility to any one seeking authentic and effective ayurvedic treatments.

I stayed at Kalarickal Ayurvedic Hospital from February 2 to February 11, and my experience was excellent. The staff was incredibly kind and sweet, always attentive and caring which made my stay very comfortable. The treatments were well administered and the hospital environment was clean, peaceful and ideal for relaxation. The food was also good but I feel there is room for slight improvement to make it even better. My Backpain relieved significantly during my stay.

Overall, I am very satisfied with my stay and would highly recommend Kalarickal Ayurvedic Hospital to anyone seeking authentic Ayurvedic treatment.

Thank you for the wonderful care.

The close monitoring and dedicated care from Dr. Shiba, Dr. Reeba and Dr. Arun played a major role in our fast recovery. We are sincerely thankful to Nisha, Reeba and Amma for their genuine care and continuous support.

We never felt like we were in a hospital. It truly felt like a family environment. Daniel, my son who accompanied me, felt so happy and comfortable being here.

My name is Jyothi Pillai. I was admitted here for 7 days due to neck pain & I must say the overall experience was excellent. Dr Shibu and his team provided outstanding care & support throughout my stay. The staff were so friendly that I felt completely at home.

Special thanks to therapists Nisha & Ammu - they were just amazing! The rooms are very clean. Thanks also to Shyji for keeping everything so tidy. The whole place has a calm, peaceful atmosphere even though it's so close to town. Once the canteen & lift are ready, this hospital will definitely be on the top of the list.

Slightly recommend for anyone seeking quality treatment with personal care.

Note - It would be great if there was some space to dry clothes.

Very happy that I chose Kalarickal Hospital for my back problem. You have helped me overcome the ailment with "velvet hands". The moment I entered I was reassured by Doctors & staff that they would help me recover. Even with issues like my vertigo they provided immediate help. I am indebted to you all for all your loving care and treatment. My stay was lovely. I am coming back for more on my other health issues.

My best wishes to Dr Shibu, Dr Atul and Dr Poojini. My therapists Shadachechi, Ammy, Swati are gems. Lots of love to Anjana and Shiji who always looked out for me. Last but not the least... I do not know the name of the guy who got me my meals... God Bless Him.

Dear Mrs. A.

This is my 2nd hospitalization here. Really missed old RMCs. Treatment was ok. Lots of improvements should be made. In particular, hygienic care is good like provision of call bell for patients. Staffs efficiency and quality of delivery care should be evaluated. Personally, not satisfied with some nursing staffs, who are not skilled in their method of delivering & doing the procedures. Earlier cleaning staff was good. Shortage of all staff in the emergency department was there. Nursing staff was in a hurry & complete procedure due to they were out of control. There were lots of distractions while in the procedure rooms. It was quite annoying. RMC should avoid visiting & visiting during meal time. Space for cloth laundry should be provided. Meals were good. Overall stay was quite ok. Hope for more improvement will be made in coming days.

All the Very Best for the Future Team

Thank You

From the day 01, each and every facilities made me feel right at home. All are very friendly, sincere and punctual. My sleep has improved a lot - thanks to the top-notch treatment. Rooms are super cozy and I felt the price was reasonable for the comfortable stay. Speaking of which, the food which we had is totally different from our state but it's okay we get used to it. Tea quality could have been better. Overall, A big Kudos to the Team!!!

My wife Sheela received treatment in this hospital twice. This time we were here from 22/01/2026 to 05/02/2026. Sheela received excellent treatment. Dr. Shibu Varghese, the Mg. Director and his entire team were cheerful and they extended holistic treatment.

We wish the hospital the very best and we are sure that it will continue to remain as a beacon of care and love for every person seeks admission in this institution.
